

DANGER

Flammable liquid and vapor. Harmful if swallowed, in contact with skin or if inhaled. Causes skin irritation. May damage fertility or the unborn child. May cause harm to breast-fed children. Causes damage to organs (blood, central nervous system, eyes) (Inhalation). May cause damage to organs (kidneys) through prolonged or repeated exposure (oral).

Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Keep away from heat, open flames, sparks. - No smoking. Keep container tightly closed. Ground/Bond container and receiving equipment. Use explosion-proof electrical, lighting equipment. Use only non-sparking tools. Take precautionary measures against static discharge. Do not breathe mist, spray. Avoid breathing mist, spray. Avoid contact during pregnancy/while nursing. Wash thoroughly after handling. Do not eat, drink or smoke when using this product. Use only outdoors or in a well-ventilated area. Wear eye protection, protective clothing, protective gloves.

IF SWALLOWED: Call a doctor, a POISON CENTER if you feel unwell. Rinse mouth.

IF ON SKIN: Wash with plenty of soap and water. Take off contaminated clothing and wash it before reuse. **If skin irritation occurs:** Get medical advice/attention.

IF INHALED: Remove person to fresh air and keep comfortable for breathing.

If exposed or concerned: Get medical advice/attention. Call a doctor, a POISON CENTER if you feel unwell. Get medical advice/attention if you feel unwell.

In case of fire: Use carbon dioxide (CO₂), dry extinguishing powder, foam to extinguish.

Store in a well-ventilated place. Keep cool. Store locked up.

DISPOSAL: Dispose of contents/container to comply with local/regional/national/international regulations

WARNING: This product can expose you to ethylene glycol, which is known to the State of California to cause birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

For industrial and commercial use only. For additional information, see Safety Data Sheet.

TOTAL SOLUTIONS[®]

WINTER PRODUCTS

LIQUID ICE MELT

Fast-Acting,
Glycol-Based Formula

- NON-CORROSIVE
- LEAVES NO RESIDUE

KEEP OUT OF REACH OF CHILDREN

NET CONTENTS: One Gallon (128 fl. oz.)

Manufactured By: Total Solutions[®]
PO Box 240014 • Milwaukee, WI 53224 • 1-800-743-6417

DESCRIPTION: This liquid ice melter quickly penetrates and dissolves frost, snow and ice accumulations and prevents further build-up. It will not leave a residue on floors, and will not cause damage to or leave a residue on asphalt, concrete, terrazzo, aluminum, steel, plastic, rubber or painted surfaces. Use it on stairs, sidewalks, driveways, bridges, ramps and loading docks where ice and snow pose a safety hazard. It also prevents the freezing of locks, chains, hinges, linkages, controls, coal conveyors and equipment. Effective to -60°F.

DIRECTIONS: Simply spray, sprinkle, pour or swab onto the surface to be deiced. On glazed ice, scoring the melting surface will help prevent run-off and speed melting. However, this liquid ice melter can become diluted as it works and re-application may become necessary.

To deice thin layers of ice, use approximately 1 gallon per 1,000 square feet. More product may be required to melt thicker layers.

This product may be safely used on concrete, cement, brick and flagstone. Where these materials are not properly constructed or not sufficiently aged, the increase in freeze/thaw cycles may cause surface deterioration. Mortar joints are particularly susceptible. While such damage is rare, it involves factors over which the manufacturer has no control. Use of this ice melting compound on any surface is at the consumer's own risk. Water produced by melted ice and snow can enter the pores, chips, and cracks in concrete. The alternating freezing and thawing of this water can then cause damage to the concrete. To minimize this risk, remove slush and snow from concrete.
